14	I have lived here 31 years in the same home becaus I love Coconut Creek. I just want to see it kept up to a high standard and not go down hill. I also work from home. I feel like Margate and North Lauderdale are low end and Coral Springs is not what it used to be. I want to see Coconut Creek remain pretty and safe. I am a senior and so far have not opted to move from the city.	2/11/2021 4:53 PM

4	A little late to the vaccine planning. Could have used Coral Springs Mall model and used empty building in Promenade. Or ballroom in Township.	3/19/2021 9:39 AM
5	Thank you for opening the Broward college to vaccinations as my high risk husband(who never waits in line) was able to get the shot in minimal time and the organization in which this was done is nothing short of inspiring. Thank you creek!	3/19/2021 9:39 AM

18	I don't think there was much of a response. At the beginning of the quarantine our neighborhood was full of large groups of children playing. When my husband called the city with concerns about the children's health and their parents' carelessness, he was told "WE CANT TELL CHILDREN NOT TO PLAY". That situation sums up the city's response to Covid.	3/19/2021 12:12 AM

67	As far as Covid, it appears it is a bad flu, although we did not experience any increase in overall deaths as compared to the years prior. The evidence on the masks are lacking, I looked and looked and the conclusions were all indeterminate and showed no statistical improved outcomes to mask wearing. The vaccine is not a vaccine at all, it's not designed to stop transmission to you or others, it's designed to lessen symptoms...The PCR test invented by Kary Mullis stated explicitly that it is not a diagnostic test and should not be used as such. So why are we using it? He also said Anthony Fauci knows nothing about nothing and challenged him to a debate, which Anthony declined. The CDC states in their report that the virus has not been isolated. So if the virus has not been isolated, what are they testing for using an incorrect test? And what are they using in this so called mRNA vaccine? Governments's and Health Czar's poor and hyperbolic reaction has been a colossal failure. Untold lost income, untold lost years of life, untold trauma and suffering. Generations of people plunged into poverty, hunger and death worldwide, as per the WHO, who have stated lockdowns should only be used as a last resort, after they closed down the whole world, who will be held accountable? Who has a higher power over your life than you? The Government? The WHO? Bill Gates?	3/9/2021 8:36 AM

112	No feedback for the city on their response. But, i noticed the promenade has more empty spaces (not sure if it's due to covid-19) but we've lost a lot of retail spaces recently and over the few years I've lived here. Once lost they aren't replaced with another retail or restaurant. That's a bit concerning.	2/27/2021 10:48 AM

115	Other cities have worked with county to bring vaccine sites and mobile vaccine trucks to help vaccinated all residents. The city should take a lead and utilize spaces that are being under used or work with communities to build spaces, like the township ballroom, or an empty storefront in the promenade.	2/27/2021 8:16 AM

We appreciate city and local businesses trying to stay open and doing their best to keep social distancing, providing clean and safe options to keep everyone well. It really helping residence and visitors to be safer and continue with some kind of normal life. However, unfortunately many of the city's parking areas next to businesses are full of new type of garbage such as used masks, gloves, wipes and more protective stuff due to negligence of some. Can we do something to keeping the city and environment clean, maybe to start a campaign through social media, website, street banners, etc. to promote responsible disposal of protective gear	2/18/2021 3:09 PM

The path to herd immunity is through the sector of society that resist to the virus the most, and that is the kids. Let them attenuate the virus so us adults can get it from them and easily develop antibodies with no significant symptoms.	2/18/2021 11:36 AM
184	Stop sending people to homeowners houses to have their driveways cleaned or their lawn better maintained. Have compassion for those that have lost their job due to the pandemic. Now is not the time to fine a person who has been out of work and does not have a source of income. How can you ask someone to spend \$600 to put sod down over paying their electric, water, rent or mortgage? And I didn't mention food? Be like Ted Cruz and run away.	2/18/2021 11:30 AM

227	I live in Wynmoor, and we had a successful vaccine rollout compared to the rest of the state. I couldn't participate because I wasn't age eligible, but I appreciate the efforts of Rep, Bogan in making it happen. I know that the Township felt "slighted" but the Township as a whole has never participated in community events (and politics), as far as I know, in the past. 240	i strongly feel at first stance,the city initiated a strong accurate response,which is what ive come to expect as well as appreciate by our great leaders,we we split into two completely differant separate work shifts,which should be,claiming the logical high importance of keeping staff split into 2 halves,to prevent loss of entire department due to covid19,now in thw second phase,both crews are now mixing in same building,coming together in some form or another as briefly as it may be,its just plain wrong,if we split crews earlier to prevent the wipe out of entire division or department,then we should maintain same practice thorought.but thats just my opinion,safety is our upmost goal,not just words we preach when it sounds good to say.	2/11/2021 12:43 PM

Pompano has been spending so much on modernization of their city, perhaps they can put some of that money to create more schools in pompano so that south creek schools aren't as crowded. There has to be a way to partner with nearby cities so that coconut creek residents can have an opportunity to send their children to schools in their neighborhoods that are not overcrowded and have low ratings.	3/18/2021 8:50 PM

There is no reason for a small group of officials to close the door on their citizens, decide to just welcome back a commissioner without making that position available publicly, and then hit citizens with a ridiculous amount of amendments to the town charter come election time. Every meeting, every issue, everything concerning the city should be announced and linked to on social media.	3/10/2021 7:39 AM

68	The biggest issues/complaints I have with the City is 1) the termination of the recycling program and restriction of what can be recycled. Currently, glass and most plastics (the items LEAST able to be broken down over time) are refused, as is paper. If the recycling company is refusing to accept these items, terminate them and find a company that will; 2) the absolute waste of money that is the garbage bin washing program. If residents want their bins cleaned, they can do it themselves with a bit of detergent and a hose, or they can call the bin washing company themselves. The bins are immediately fouled the same day or next day after washing, as refuse is dumped into them; 3) the incessant noise of truckers riding their Jake brakes along the Sawgrass. This happens daily and at all hours - even the middle of the night. It sounds like automatic weapons fire, and can be heard from a mile away. An ordinance should be imposed to fine truckers for using their Jake brakes near residential areas; and 4) the constant sprawl of more concrete structures being built. Development needs to be curbed in order to preserve what little green/natural areas we have left in the City. Stop green-lighting strip malls, stores, and new neighborhoods.	3/6/2021 3:44 PM
69	What was done with the white recycle garbage cans that were picked up? Why couldn't have they been used as an extra regular garbage can since you did away with recycling?	3/5/2021 2:45 PM

71	Focus on higher end businesses, we have enough fast food drive thru (Kudos on the Chick A Filet- though) and lower end supermarket chains. 72	For someone like myself that really takes the term environmentally friendly seriously, it is a "slap in the face" seeing the term being tossed around on EVERY city marketing material, email, letter, etc. when the recent change in eliminating recycling pick up now causes a lot of recyclable material to end up being burned for energy (Emissions, warming, etc..). Out of 12 houses on my block I am the only one that takes recycling to the center and my house was the one with the SMALLER recycling cart - this means that on my statistically small sample, at least 11x more previously recyclable trash is not being truly recycled. I would like that the city would publish the volume/mass collected in recyclable trash between October - December	3/5/2021 7:04 AM

76	I would like to see a robust social service program that can support the residents when problems might be outside police jurisdiction. Social services could help in areas drug issues, or calls made when someone is demonstrating signs of dementia. Police currently go out on calls multiple times and are limited to what the law permits. We should have a department dedicated to assist residents towards programs available. While not caseworkers per day, they could inform and follow up where needed. Dedicated funds should support this department.	3/4/2021 7:08 PM

They are horrible for the few wild animals and the horses and farm animals we have in the parks and they are frightening for dogs and cats in our homes. The city has become far too crowded and dense for this loud and ridiculous display. 185	Vagrancy is an issue, the Publix shopping center, Walgreens, and section of CC Parkway and Lyons is a mess. Unkept, it appears the South end of the city has been forgotten.	2/15/2021 12:49 AM
186	Try to preserve our town! We don't want to be a big city.	2/13/2021 6:57 PM
187	USE A DIVERSE PLANNING TEAM, YOUNG & OLD, DIFFERENT RACES, ECONOMIC LEVELS, IDEALS, ETC.	2/12/2021 11:15 AM
188	I do not live in coconut creek, but I wish I did. I always tell people how Coconut Creek is the ONLY city near me (Pompano Beach) that keeps the riff/raff off the streets!! It soooo nice to go anywhere in the city and feel safe. Refreshing not to be bombarded with people asking for hand outs when I stop my car! I would and do recommend Coconut Creek to any visitors that are thinking of moving to Florida.	2/12/2021 10:19 AM
189	maintain green space, keep attractive, continue outstanding level of service, and continue employee recognition.	2/12/2021 8:02 AM
190	An important component of the city's vision has to be promoting young people to get involved with leadership. Young residents should be a priority when filling board and committee roles. I understand that experience and wisdom is important for the roles, but we need to continue developing that experience and wisdom in our leaders of tomorrow. Young leaders will attract young residents, which will lead to positive growth.	2/12/2021 7:10 AM
191	Plans for clean water and air, plans for sewage management at landfill, construction/improvement projects for eco measures, school rating improvement	2/12/2021 6:51 AM
192	Coconut Creek has a stellar reputation for being unique, progressive, while still maintaining a hometown feel. It brings pride to its residents and those working towards that reputation. Moving into the future, its important to maintain that reputation and pride in one's community.	2/12/2021 6:16 AM
193	The health and well-being of the City's residents and staff should be a priority when planning the future for Coconut Creek. Healthy drinking water, fitness indoors and in the parks and more green spaces.	2/12/2021 5:48 AM
194	Please don't over build. I know we are a city in a growing state but I love the small town feel.	2/11/2021 8:13 PM

206	Look to improve relationships within departments. Some departments need to align their actions with their values, so it's important for the City to establish a brand and communicate that to all leaders. Their are divisions within departments, and this can be eliminated by establishing new roles for certain positions that allows them to understand their importance to the city.	2/11/2021 1:59 PM

212	I have observed that the South Creek area is like the step-child in the City. Our area consists of 2 plazas, Lyons Plaza and the Publix plaza, which both have many vacant bays. I would like to see them vibrant with businesses, so please consider incentives for businesses. An eyesore that's been around forever is the closed Lorenzo's Pizzeria on CC Pkwy - that could easily be a great chain restaurant like Outback or Olive Garden. I find myself traveling to CS all the time to eat in a decent chain restaurant. Yes, we have the Promenade, but we need to focus on other areas of the City as well. I love how we are in between the beach cities and the bustling Coral Springs area, but people just seem to use our city as a pass-through. Let's find ways to make them bring their business to US instead of passing through to go to another city. We also have beautiful parks, and hope that we don't lose any over the years due to building out to maintain growth.	2/11/2021 12:32 PM
213	Mainstreet needs to be built before the idea becomes irrelevant	2/11/2021 12:30 PM

223	I have lived in Coconut Creek since 1984.It is a very nice city,keep it that way.No public housing.We have enough homes and businesses now.	2/10/2021 11:33 AM
224	Think about diversity and how all of our Commissioners have been White historically. We want our leadership to reflect the population and to have a minority for the first time. It would also be wise to increase the staff in the City to accommodate the needs of the residents in addition to creative a Diversity Coordinator position who surveys and tracks the diversity not only of employees but of the residents and implements programs/events.	2/10/2021 11:16 AM
225	I think we could do more for the children.	2/9/2021 10:57 PM
226	The car racing / motorcycle racing is getting out of control. It's happening nightly in the early morning hours. Extra patrolling needs to occur to prevent reoccurrence.	2/8/2021 5:58 PM
227	The city is becoming more and more unaffordable. As a resident who purchased a house 6 years ago oh, I have been completely priced out of buying a bigger house to meet my family needs. So family like mine will have to leave the city because we can't afford to stay. Or stay in a 3-bedroom house with four children	2/8/2021 1:58 PM
